CS22U

2-Port USB Cable KVM Switch

The CS22U is a 2-port USB Cable KVM Switch that provides a simple and quick method of selecting computers – a built-in remote selection switch with a 1.8 m cable. This allows the CS22U unit to be hidden from sight, while the remote selection switch can be placed conveniently on the desktop.
The CS22U's compact all-in-one design makes it ideal for multiplatform desktop applications that require high resolution video.

PETITE™
